Win For Consumer Right To Repair

The Motorcycle Riders Foundation (MRF) applauds the recent settlement between John Deere and the Federal Trade Commission (FTC), along with the attorneys general of Wisconsin, Illinois, Michigan, Minnesota, and Arizona regarding consumers' right to repair their own equipment.

While the agreement focuses on agricultural equipment, the states involved represent the heart of America's motorcycling community. These same states are home to countless riders, motorcyclist rights organizations, and independent repair shops that understand the importance of giving owners access to the tools, software, parts, and information needed to maintain their bikes.

We hope this settlement serves as a precedent for other major manufacturers, including motorcycle manufacturers, to recognize that customers should have the right to repair the products they own. Ownership should include the ability to maintain, diagnose, and repair your vehicle.

The MRF is pleased to see the snowballing right to repair results, which continue to consistently support consumer rights. The MRF will continue working with lawmakers, industry partners, and consumer advocates to ensure motorcyclists enjoy the same repair freedoms that Americans expect for every vehicle they own.

3)... To encourage goodwill and mutual understanding among motorcyclists, law enforcement personnel and the general public.

4)... To serve as an information source on matters pertaining to current laws, pending legislation, personal rights, political inclinations of elected officials and their constituents, and voter awareness.

5)... To act as a central responsive agency to devise and coordinate recreational, legislative, educational, and charitable activities

RIDE STRONGER, LONGER & ALIGNED

Miles on the road take a toll on more than your bike. Long rides, vibration, past injuries, and everyday stress can quietly limit your performance, comfort, and reaction time.

Chiropractic isn't just about pain relief it's about keeping your body aligned, responsive, and ready for the next ride.

We help riders stay loose, ride longer, and recover faster so you can focus on the road ahead.

RIDE WITH THE LEADERS!

Thousands of motorcyclists' rights activists have attended MRF sponsored annual regional and national workshops since 1985. These workshops provide the nuts and bolts, "user friendly" subjects and training to assist motorcyclists in defending, building, and strengthening their grassroots organizations.

The Motorcycle Riders Foundation is proud to present their annual conference for politically motivated motorcyclists! Spend the weekend with some of motorcycling's most educated and dedicated activists. Learn what issues will impact bikers today and in the future!

Use the applications below to join and support the Motorcycle Riders Foundation and to pre-register for the 42nd Annual Meeting of the Minds, September 24-27, 2026.

CHECK TWICE - SAVE A LIFE **MOTORCYCLES ARE EVERYWHERE!!!**

*Common causes of motor vehicle
vs. motorcycle accidents include:*

MAKING LEFT TURNS - Before turning
LEFT, CHECK TWICE to ensure no motor-
cycle is coming. You're conditioned to look
for cars and trucks, and it is easy to 'overlook'
an oncoming motorcycle if you're not looking
for one.

PULLING OUT - Before pulling out from a
parked position, **CHECK TWICE** by turning
your head and **LOOKING** for oncoming motor-
cycles. Motorcycles need more room and
space to stop suddenly than a car or truck.

CHANGING LANES - Motorcycles can
easily fit in the blind spots of your mirrors.
Put your blinker on and **CHECK TWICE**,
turn your head to **LOOK** to ensure there is
no motorcycle in your blind spot!

SHARING A LANE - Don't share a traffic
lane with a motorcycle. Even though a motor-
cycle is smaller than a car or truck, they are
entitled to their entire lane.

DON'T FOLLOW TOO CLOSE behind a
motorcycle - a motorcycle needs more room
than a car or truck to stop. Keep a good
distance behind a motorcycle, leaving enough
room for you to stop.

Help reduce accidents and injuries . . .
