APPOINTED TO THE GOVERNOR'S
MOTORCYCLE SAFETY TASK FORCE IN GEORGIA

LEGISLATIVE

As you know, the Legislature is still out of session, but that has given me time to keep working on more contacts. I have “officially” made the request to Representative Alan Powell (a long-time advocate of ABATE) to be an author of the upcoming Lane Filtering bill that I hope to present in the upcoming 2026-2027 session. Without a lobbyist, I am left to compose the bill on my own, but I am confident I can do so effectively. I am gathering data from the six states that have already adopted lane filtering laws (California, Montana, Arizona, Utah, Colorado, and Minnesota) as well as at least two other states that I know have potential bills in progress. The crash-reduction data is substantial, especially in preventing rear-end collisions at intersections. A key point of what will certainly be a lengthy educational process will be to differentiate between lane filtering and lane splitting. I hope all of you know the difference! If there are any questions about that, please give me a call.

On a personal note, I am now recovering from the eighth surgery on my right leg (the 13th surgery total) following the accident (being T-boned by a distracted driver) of August 2024. The surgeon has removed the rod from my leg because I was facing too many infections (some very serious), so now I'm on crutches & a massive leg brace to try to give my old bones time to heal. See why I'm a proponent of motorcycle safety?

That's all for this issue, short & sweet. I hope to have more news about our current legislation as well as the new stuff coming along.

(As soon as I can ride again I'll be) Riding for our Rights,

The Road To Freedom Runs Through Milwaukee

June 1, 2026

Two weeks ago, more than 200 motorcyclists roared into Washington, D.C., from every corner of this country. They put aside their daily lives to take the fight for motorcyclists' rights straight up Capitol Hill and into the offices of 535 members of Congress!

They didn't come to sightsee. They came to be heard. This was not about fancy dinners and photo-ops.

It was about the future of motorcycling.

It was about profiling.

It was about the right to repair and modify their motorcycles.

It was about bad fuel policy, reckless expansion of autonomous vehicles, and lawmakers who too often view bikers as expendable.

It was about bikers speaking and Congress hearing us loud and clear.

If you missed Bikers Inside the Beltway, don't make the mistake of missing what comes next. The fight is getting bigger. The stakes are getting higher. And the people sitting on the sidelines are not the ones shaping the future of motorcycling.

The MRF's 42nd Annual Meeting of the Minds is coming to Milwaukee, September 24-27, 2026, and this is your call to get in the saddle and become part of the movement.

Here are five reasons to stop watching and start participating. Here are five reasons to make your reservations now.

Ride for Your Rights: This isn't just another road trip – it's a declaration. Every mile to Milwaukee is a statement that bikers will not quietly surrender their freedoms, culture, or way of life.

Help Set the 2027 Legislative Priorities: Don't complain later about decisions made without you. Be in the room where the strategy is built and the battles are chosen.

Stand with the Largest Motorcyclists' Rights Movement in the Nation: Thousands of bikers. One united voice. Real grassroots muscle. This is how legislation gets stopped, changed, or passed.

Sixteen information-packed workshops: Get the tools to hit back, enhance your knowledge, and strengthen your SMRO. Stay ahead of the attacks on your right to ride.

Arm Yourself with Legal Knowledge: Rights ignored become rights lost. Learn from legal experts how to protect yourself, your motorcycle, and your SMRO from growing legal threats.

The sidelines are already crowded with people willing to complain but unwilling to act. Don't be one of them. When riders engage, nobody else will make the decisions for us.

Grab the bars, it's KSU and time to head into Milwaukee, ready to fight for the future of motorcycling.

Time is running out, lock in your room reservations. See you in Milwaukee.

Major Victories For Motorcyclists On Capitol Hill

May 22, 2026

This past Tuesday, hundreds of motorcyclists from around the country converged on Washington, D.C. for the Motorcycle Riders Foundation's (MRF) annual Bikers Inside the Beltway grassroots lobby event. During this event, motorcyclists visit every legislative office with a packet of information on priority issues. This year, Bikers Inside the Beltway occurred just as committees were meeting to finalize the surface transportation reauthorization bill, which happens every five (5) years. This unusual juxtaposition created opportunities for significant input on the upcoming bill.

The MRF now applauds both the House Transportation and Infrastructure Committee and the House Energy and Commerce Committee for advancing H.R. 8870, the BUILD America 250 Act (the highway bill), with measures supporting motorcyclists. The finalized bill will likely contain four of the MRF's top legislative priorities for America's motorcyclists when voted on by the full House of Representatives.

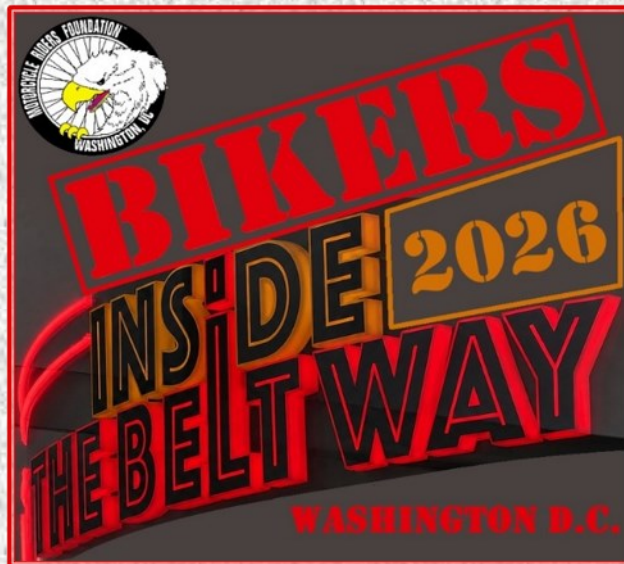

The House Transportation and Infrastructure Committee advanced provisions extending authorization for the Motorcyclist Advisory Council (MAC), ensuring riders continue to have a formal voice in federal transportation discussions. The legislation also strengthens protections against motorcycle profiling by expanding existing language. It prohibits profiling based on the appearance, mode of transportation or attire commonly associated with motorcycling culture. Special thanks to Representative Andre Carson of Indiana and Representative Chris Pappas of New Hampshire for their last-minute efforts to ensure these victories.

In addition, the House Energy and Commerce Committee, which has jurisdiction over portions of the highway bill, included several motorcycle-related priorities supported by the MRF. Among those provisions are enhanced protections for the Right to Repair, language ensuring emergency braking technologies can detect motorcycles, and the inclusion of the Know Before You Drive Act (H.R. 7377), which helps ensure consumers are informed about what their vehicle's automation technologies can and cannot do before purchasing a vehicle.

The MRF recognizes the American Motorcyclist Association (AMA) for its efforts in support of these measures, particularly the input of Zach Farmer. Additionally, the support of the Independent Motorcycle Aftermarket (IMA), whose leader, Bob Kay, remains an outspoken advocate on the Right to Repair and Right to Modify, helping protect riders' ability to access repair information, replacement parts, and independent service options.

The MRF also gratefully acknowledges the ongoing efforts of state motorcyclist rights organizations nationwide, as well as the National Council of Clubs (NCOC), the National Coalition of Motorcyclists (NCOM), the National Council of Informed Riders (COIR), and independent riders everywhere, for their engagement and advocacy efforts on these issues.

"Without riders contacting lawmakers, attending meetings, and remaining engaged in the legislative process, these victories would not have been possible," said MRF President Kirk "Hardtail" Willard. "This is the first step. It is a big step, but the work is not finished. The full House of Representatives must still pass this legislation, and the United States Senate must retain these protections and priorities for bikers in its version of a highway bill, before it can ultimately be signed into law by the President."

Stand With The Motorcycle Riders Foundation

May 29, 2026

This May, hundreds of riders came to Washington, D.C., to stand up for motorcyclists' rights. They met with lawmakers, shared their stories, and made it clear that riders are organized and paying attention.

That momentum doesn't stop when the trip ends. The ongoing fight for rider rights continues year-round through the Motorcycle Riders Foundation (MRF).

The MRF works on issues that directly impact every rider, from right-to-repair protections, preventing profiling, safety of autonomous vehicle technologies and fuel availability policies that shape how we ride and maintain our motorcycles.

We know everyone can't hop on a plane or make the ride to Washington, D.C., but there is a simple way to be part of the effort. Join the MRF!

We Are The Motorcycle Riders Foundation:

The Motorcycle Riders Foundation (MRF) provides leadership at the federal level for states' motorcyclists' rights organizations as well as motorcycle clubs and individual riders. The MRF is chiefly concerned with issues at the national and international levels that impact the freedom and safety of American street motorcyclists. The MRF is committed to being a national advocate for the advancement of motorcycling and its associated lifestyle and works in conjunction with its partners to help educate elected officials and policymakers in Washington and beyond.

NATIONAL NEWS

The Most Powerful Weapon We Have

The most powerful weapon motorcyclists possess is not money.

It is not political influence. It is not a paid lobbyist.

It is an informed, engaged, and organized grassroots network.

For more than forty years, motorcyclists' rights victories have been won because ordinary riders decided to get involved. They attended hearings. They contacted legislators. They organized their fellow riders. They showed up when it mattered.

Every major success achieved by motorcyclists' rights activists started with individuals who understood that freedom requires participation.

Meeting of the Minds exists to strengthen that network.

It is where advocates share successful strategies. It is where new activists learn the skills needed to be effective. It is where riders from across the nation come together to prepare for the challenges ahead.

Knowledge matters.
Organization matters.
Action matters.

Meeting of the Minds helps build all three.
